

## ITEM #214 - THE WINDOW WASHER

**DESCRIPTION:** Our haphazard window character works on the outside of your building plodding away attempting to get all the glass clean. It is a job that seems to go on forever but ket's face it, he's not really that efficient. Taking long, extended breaks, slopping water everywhere *except* on the windows. Often he will idle away whole hours just interacting with the people he sees through the glass. No, he's not very good at cleaning windows but he is an amazing clown and that is probably best.

This act is as funny as it is spectacular. As original as it is scary. The act takes place on the outside of the building while your audience watches from inside or below. The character travels up and down the glass doing his job. Extremely funny and original.

**DURATION:** 5-45 minutes.

**COSTUME:** Pictured.

**TECH REQUIREMENTS:** Permission from building management to work on the outside of the building (we are a rigging company and certified to do so). Rated rigging points (window washer anchors) OR rig-able structure above the play space. A site survey will be required to determine if this act is feasible.

**PRICE:** For further details and pricing on this item please [contact](#) our office.

### **A NOTE ON THE USE OF FIRE AND PYROTECHNICS:**

At Circus Orange we take working with fire and pyrotechnics extremely seriously. Our team is comprised of pyrotechnicians who have a proven safety record and excel in their ability to combine performer and audience safety with truly dramatic effects. We have over twenty-years of incident free experience in this field and our full pyro resume is available upon request.

What about permits and insurance you ask? Well, we take care of everything in this regard. We will speak with the site or venue technical staff to determine the appropriate effects and safety precautions. We then submit our *pyro plan* to the local fire department and obtain a permit and any other clearances required. The show is set up and fired by our own team of licensed pyrotechnicians and, of course, we are insured specifically for these services.

If this show takes place in Canada we will provide all the pyrotechnics, obtain the pyro permit and supply licensed pyrotechnicians. If this show takes place outside Canada we will work with a "local license" who will help facilitate our working with the pyrotechnics internationally. We will supply more information on this aspect of the production as required.

### **A NOTE ON RIGGING**

Circus Orange travels with our own rigging team and whenever possible we design and implement our own rigging solutions. We are a certified rigging company and have the experience, equipment, knowhow and insurance coverage in place for every rigging job.

### **INSURANCE DETAILS**

We maintain comprehensive general liability insurance that is specific to our show content (pyrotechnics, aerial performance, stunts and fire). We provide an individual certificate of insurance for each and every show we perform and can add other companies on as 'additionally insured' as required.

### **A NOTE ON PRICING**

We will generate a formal quote based on your feedback to this proposal document.

Dates not secured until our contract is signed and a 25% deposit is received.
