

ITEM #603 - PYRO BOUNCY STILTS

DESCRIPTION: This is the high-octane version of our normal bouncy stilt act. This time the performers have pyro both on stage and attached to various parts of their costumes. The pyro is triggered remotely by our own pyrotechnician and is choreographed perfectly with the acrobats movement on stage. This is a spectacular act and a true Circus Orange one of a kind! This act is perfect for very large outdoor events where extreme intensity is required. We have performed this act at sporting events, concerts and for many TV shows around the world.

DURATION: 3-4 min.

COSTUME: Orange or black jump suits

TECH REQUIREMENTS: We will require a pyro friendly venue with a very large (40' X 40' min.) stage with 25' over-head clearance. Stage deck must be extremely solid with a pyro security perimeter of not less than 15'. A full technical rider is available for this show.

A NOTE ON THE USE OF FIRE AND PYROTECHNICS:

At Circus Orange we take working with fire and pyrotechnics extremely seriously. Our team is comprised of pyrotechnicians who have a proven safety record and excel in their ability to combine performer and audience safety with truly dramatic effects. We have over twenty-years of incident free experience in this field and our full pyro resume is available upon request.

What about permits and insurance you ask? Well, we take care of everything in this regard. We will speak with the site or venue technical staff to determine the appropriate effects and safety precautions. We then submit our *pyro plan* to the local fire department and obtain a permit and any other clearances required. The show is set up and fired by our own team of licensed pyrotechnicians and, of course, we are insured specifically for these services.

If this show takes place in Canada we will provide all the pyrotechnics, obtain the pyro permit and supply licensed pyrotechnicians. If this show takes place outside Canada we will work with a "local license" who will help facilitate our working with the pyrotechnics internationally. We will supply more information on this aspect of the production as required.

A NOTE ON RIGGING

Circus Orange travels with our own rigging team and whenever possible we design and implement our own rigging solutions. We are a certified rigging company and have the experience, equipment, knowhow and insurance coverage in place for every rigging job.

INSURANCE DETAILS

We maintain comprehensive general liability insurance that is specific to our show content (pyrotechnics, aerial performance, stunts and fire). We provide an individual certificate of insurance for each and every show we perform and can add other companies on as 'additionally insured' as required.
