

ITEM #604 - PYRO TRAMPOLINE

DESCRIPTION: Olympic calibre trampolinists with fire and pyrotechnics! Can it get better? This act starts out as a duo synchronized trampoline act but it rapidly gets totally insane. Pyrotechnics ignite on special holders attached to the performers as they fly high as “human pyrotechnic pinwheels”. For a truly spectacular finale a third performer enters and proceeds to shoot a flamethrower under the high flying acrobats. This act must be seen to be believed. There is no other company in the world performing an act like this!

DURATION: 3-4 min.

COSTUME: Orange jump suits

TECH REQUIREMENTS: A 10' X 17' completely flat area is required for each trampoline. 30' overhead clearance required with security to keep the area around the trampolines clear (15' min for pyro). This act requires a large indoor or outdoor venue. A full technical rider is available for this show.

PRICE: For further details and pricing on this item please [contact](#) our office.

A NOTE ON THE USE OF FIRE AND PYROTECHNICS:

At Circus Orange we take working with fire and pyrotechnics extremely seriously. Our team is comprised of pyrotechnicians who have a proven safety record and excel in their ability to combine performer and audience safety with truly dramatic effects. We have over twenty-years of incident free experience in this field and our full pyro resume is available upon request.

What about permits and insurance you ask? Well, we take care of everything in this regard. We will speak with the site or venue technical staff to determine the appropriate effects and safety precautions. We then submit our *pyro plan* to the local fire department and obtain a permit and any other clearances required. The show is set up and fired by our own team of licensed pyrotechnicians and, of course, we are insured specifically for these services.

If this show takes place in Canada we will provide all the pyrotechnics, obtain the pyro permit and supply licensed pyrotechnicians. If this show takes place outside Canada we will work with a “local license” who will help facilitate our working with the pyrotechnics internationally. We will supply more information on this aspect of the production as required.

A NOTE ON RIGGING

Circus Orange travels with our own rigging team and whenever possible we design and implement our own rigging solutions. We are a certified rigging company and have the experience, equipment, knowhow and insurance coverage in place for every rigging job.

INSURANCE DETAILS

We maintain comprehensive general liability insurance that is specific to our show content (pyrotechnics, aerial performance, stunts and fire). We provide an individual certificate of insurance for each and every show we perform and can add other companies on as 'additionally insured' as required.

A NOTE ON PRICING

We will generate a formal quote based on your feedback to this proposal document.

Dates not secured until our contract is signed and a 25% deposit is received.
